LANGUAGE AND CULTURE WORKSHOPS

01

"HISTORY OF FRANCE AND THE ORIGIN OF THE FRENCH LANGUAGE"

An interactive and visual workshop to understand how France and the French language have evolved through centuries : from the Gauls to the monarchs, from medieval to modern French.

Together, students discover what shaped French culture, why French is, today, a global language, and how its expressions, accent, and diversity make it modern.

An educational, historical, and inspiring experience designed especially for young people aged 10 to 17.

LANGUAGE AND CULTURE WORKSHOPS

02

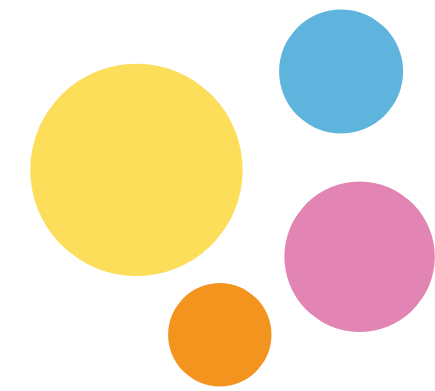

CONVERSATION WORKSHOP WITH YOUNG NATIVE FRENCH SPEAKERS

The highlight of the stay : **our students meet and interact with French teenagers of the same age in a relaxed, friendly atmosphere.**

Through language games, mini-challenges, debates, and real-life situations, they practice natural, everyday French.

It's a genuine human and linguistic immersion, where they learn the language as it is truly spoken—while making new friends.
